Celebrating their 30th anniversary this year, Kuhl & Company is an insurance sales and service organization that seeks to make sound decisions endeavoring to build and protect the futures of those clients they serve. They are unique because they work really hard to build a trusted relationship with customers. Kuhl & Company strives to make customers feel both comfortable with and confident in their abilities by acting as a consultant. They are an organization dedicated to customers, and they seek out the best companies that offer appropriate coverage at a fair price.

Kuhl & Company has been very successful because they are an independent insurance agency built on the principles of providing superior customer service and quality insurance solutions for customers. As an independent agent, Kuhl & Company work with select insurance companies that have proven their performance over the years.

They are dedicated to getting clients the best insurance products and services available today to protect you, your family, and your business. Kuhl & Company would like to congratulate Denise Jacobus who just earned her CIC!
